GOOD SCHEDULES ARE DEMANDED.

Two Ordinances Presented to the Street Committee.

HEAVY PENALTIES PROVIDED.

The Police are to See That the Electric Roads Keep Their Lines and Cars in Order and Make Quick Time,

If the two ordinances, which were prerented to the Street Committee at its sersion last evening, are ratified and enforced there is no doubt that Richmond will have a street-car service second to

none.
The ordinances are the result of patient work on the part of the City Engineer and his assistants.

A fine of not less than \$10 nor more than \$100 is provided for each day's failure to make the schedule time prescribed in the ordinance, and the Same for neglecting to keep tracks in repair, each day's failure to be a separate offense. The police are to see to the enforcement of the said ordinances.
The committee will meet in special ses-

THE ELECTRIC LINES.

Mr. G. K. Pollock, chairman of a spectcommittee, presented the following re-

on a seculate of at intervals not more than five minutes, that is to say that the said companies, operating the said lines, shall run their cars for the transportation of passengers on the said several routes so that one of such cars, both in going and returning from their respective termini, or, if such lines are not whelly within the city of Richmond, from their terminus within said city to the corporate limits, shall pass each point upon said routes at intervals of not more than five minutes; and that the said Richmond Railway and Electric Company, on its lines known as the Severth-street or Forest Hill line, on its Fourteenth-street line towards Manchester, and on its Seventeenth-street line, shall operate for the transportation of passengers on a schedule of at intervals of not more than ten minutes, that is to say that the said company, operating the said lines, shall run its cars on the said several lastmentioned routes, so that one of such cars, both in going and returning from its respective termini, or, if not wholly in the city of Richmond, from its terminus in said city to the corporate limits, shall pass each point upon said routes at intervals of not more than ton minutes, and that the said Richmond Railway and Electric Company, on its lines, known as the Seventh-street line along Fourteenth and Marrhail streis, and the

Lakeside line, so far as the same are within the city of Richmond, shall operate for the transportation of passengers on a schedule of at intervals of not more than fifteen minutes, that is to say that the sald company, operating the said lines, shall run its cars for the transportation of passengers on the said several last-mentioned routes, so that one of such cars, both in going and returning from its respective termini, or from its terminus within the city of Richmond to the corporate limits, shall rass each point upon said routes at intervals of not more than fifteen minutes; and that the said Richmond Railway and Electric Company, on its line known as the Reservoir line, by Ashland street, and on its west Marshall street line, west of Hancock street, and the Fairmount Traction Company, shall operate for the transportation of passengers on a schedule of at intervals of not more than twenty minutes, that is to say that the said companies, operating the said lines, shall run their cars on the said several last-mentioned routes, so that one of such cars, both in going and returning from their respective termini, or from their termini within the city of Richmond to the coporate limits, shall pass each point upon said routes at intervals of not more than twenty minutes. And, if the said street railway companies, or either of them, shall fail to comply with the foregoing requirement, they shall be fined not less than ten nor more than one hundred dollars for each offence.

2. It shall be the duty of each police officer of this ofdinance by the several street railway companies, other tracks within this city.

section of this ordinance by the several street railway companies operating street cars for the transportation of passengers upon their tracks within this city, and when informed of such violation by any

IF YOU DON'T KNOW

Why Dyspepsia Cures Have Failed to Relieve You

THE FOLLOWING WILL EXPLAIN.

In reply to the question, Why have all dyspepsia cures heretofore used failed to cure? a well-known physician said: "For years we have known that there were at least two distinct kinds of dyspepsia, and that each required separate remedies. Yet we have always combined these and prescribed them to

emy of Music on April 19th and 11th of Shakespeare's beautiful play, "A Midsummer Night's Dream."

The most claborate preparations have been made for this play, and more than three months have been spent in rehearsals. The talented cast which will present it has arrived at a stage but little short of perfection, but the work of drilling them still goes on.

The stage scenery will be of the most attractive kind, and the costumes are arriveds of beauty.

Pietely destroyed. The loss was about \$500.

The alarm was turned in from station No. 7, corner of Twelfth and Clay streets. Engine No. 1, and Truck No. 1 responded to the alarm. The origin of the fire is unknown, though it is thought that it was started from matches ignited by birds.

Hotel Inspection.

Chiefs Puller and Shaw yesterday continued the work of inspecting the hotels.

attractive kind, and the costumes are marvels of beauty.

The orchestra will be strongly reinforced for the occasion, and a most elaborate musical programme will be arranged.

It is expected that the box office will be opened next week in order that choice seats can be secured early. The boxes will also be put on sale.

Hotel Inspection.

Chiefs Puller and Shaw yesterday continued the work of inspecting the hotels as to facilities for escape in case of fire. New Fords, the Davis House and the Lexington were visited and found to be practically all right. A few small changes were recommended.

The work of inspection.
